**A BILL**

To provide \$50,000,000,000 in new transportation infrastructure funding through bonding to empower States and local governments to complete significant infrastructure projects across all modes of transportation, including roads, bridges, rail and transit systems, ports, and inland waterways, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE; ETC.**

4 (a) SHORT TITLE.—This Act may be cited as the  
5 “Build America Bonds Act of 2009”.

1           (b) REFERENCES TO INTERNAL REVENUE CODE OF  
2 1986.—Except as otherwise expressly provided, whenever  
3 in this Act an amendment or repeal is expressed in terms  
4 of an amendment to, or repeal of, a section or other provi-  
5 sion, the reference shall be considered to be made to a  
6 section or other provision of the Internal Revenue Code  
7 of 1986.

8 **SEC. 2. FINDINGS AND PURPOSE.**

9           (a) FINDINGS.—Congress finds the following:

10           (1) Our Nation’s highways, transit systems,  
11 railroads, ports, and inland waterways drive our  
12 economy, enabling all industries to achieve growth  
13 and productivity that makes America strong and  
14 prosperous.

15           (2) The establishment, maintenance, and im-  
16 provement of the national transportation network is  
17 a national priority, for economic, environmental, en-  
18 ergy, security, and other reasons.

19           (3) The ability to move people and goods is crit-  
20 ical to maintaining State, metropolitan, rural, and  
21 local economies.

22           (4) The construction of infrastructure requires  
23 the skills of numerous occupations, including those  
24 in the contracting, engineering, planning and design,

1 materials supply, manufacturing, distribution, and  
2 safety industries.

3 (5) Investing in transportation infrastructure  
4 creates long-term capital assets for the Nation that  
5 will help the United States address its enormous in-  
6 frastructure needs and improve its economic produc-  
7 tivity.

8 (6) Investment in transportation infrastructure  
9 creates jobs and spurs economic activity to put peo-  
10 ple back to work and stimulate the economy.

11 (7) Every billion dollars in transportation in-  
12 vestment has the potential to create up to 47,500  
13 jobs.

14 (8) Every dollar invested in the Nation's trans-  
15 portation infrastructure yields at least \$5.70 in eco-  
16 nomic benefits because of reduced delays, improved  
17 safety, and reduced vehicle operating costs.

18 (9) Numerous experts have noted that the esti-  
19 mated cost to maintain and improve our Nation's  
20 highways, bridges, and other critical transportation  
21 infrastructure significantly exceeds what is currently  
22 being provided by all levels of government.

23 (b) PURPOSE.—The purpose of this Act is to provide  
24 financing for additional transportation infrastructure cap-  
25 ital investments.

1 **SEC. 3. CREDIT TO HOLDERS OF BUILD AMERICA BONDS.**

2 (a) IN GENERAL.—Subpart I of part IV of sub-

24       project.

1           “(c) APPLICABLE CREDIT RATE.—In lieu of section  
2 54A(b)(3), for purposes of section 54A(b)(2), the applica-
